MARCH 2000, QUARTERLY REPORT

REGARDING

Order No. 94-11
Former Lockheed Propulsion Company
Solid Propellant Rocket Motor Production Facility ("Site")
Crafton/Redlands Area
San Bernardino County

Pursuant to Order No. 94-11, item 4, Lockheed Martin Corporation hereby submits this quarterly report to the Regional Water Quality Control Board, Santa Ana Region.

Technical Data Generated

No significant new technical data was generated during this reporting period.

Progress Made

A work plan that describes the installation, sampling and reporting for additional monitoring wells at the Site was submitted to the Regional Board the week of March 6, 2000. The work plan proposes 4 deep monitoring wells and 5 mid-level wells and outlines activities that we propose will lead to closure of Site characterization. The work plan incorporates Regional Board Staff comments received during the meeting at the Regional Board offices in Riverside on January 27, 1999.

Problems Encountered

No significant problems were encountered during this reporting period.
